What other musical resources do you have?:
Traditional service is usually just the organ or piano.
Family Service is usually CD/DVD. There is a keyboard if you can play it!

Do you have people willing to read lessons or take part in other ways?: **Yes**

How do you provide for children and what part is the preacher required to play?
There are no children in the traditional service.
The family service will have a number of young children and toddlers and the format is very visual, inter-active and informal (Some call it 'café style').

Any additional information that the preacher would find helpful.
Tea and coffee is served in the hall between the two services. Most people will gather for refreshments, some will leave at the start of the Family Service. The Family Service will start when you announce it – don't wait for people to be ready!

There is a limited list of prepared Powerpoint words and music that can be used for the Family Service. The congregation are very relaxed about learning new songs and being led by different instruments. If you are not musical, please communicate with Rosemary in good time for resources to be available.
